**CREATION ENGINE CATALOG V.37**

**COVER ART**

**Monk Mountain - by Eliot Alexander**

My name’s Eliot Alexander, and I’m a freelance illustrator here in L.A.

The creation of this image was split fairly evenly between Painter IX and Photoshop CS2, drawing/painting and then color correcting respectively. It depicts a monk who lives high in the mountains and whose job it is to deliver the special remedies and medicines made up in his monastery to the rest of the world. When he leaves on a delivery, the creatures of the mountain come to wish him farewell.

You can see more of my artwork at www.eha-art.com

SORENSON SQUEEZE 4.3 COMPRESSION SUITE

MAC/WINDOWS $199 S01360
DOWNLOAD VERSION $199 S01361
Includes Sorenson Video 3 Pro, Spark Pro, MPEG-4 and AVC Pro Video Coders.

Sorenson Squeeze 4.3 Compression Suite is the first full-featured compression application to incorporate High Definition (HD) encoding for a variety of video formats including - MPEG-1, MPEG-2, MPEG-4, QuickTime, RealMedia, and Windows Media 9. The Suite also compresses the highest-quality video for Macromedia Flash files. Sorenson Media has added the Sorenson AVC Pro codec (also known as H.264) to the Sorenson Squeeze 4 Compression Suite.

While most compression tools are cumbersome, with steep learning curves, Squeeze is easy to use and requires no in-depth knowledge of compression technology. Simply take your edited, uncompressed video from popular tools such as Avid Xpress DV, Apple Final Cut, and Adobe Premiere or bring your digital video from your source straight into Squeeze 4. Encoding video is as easy as selecting an intelligent present for your intended audience and clicking the “Squeeze It” button.

**WRITE BROTHERS**

www.creationengine.com/writebrothers

**MOVIE MAGIC SCREENWRITER**

MAC/WINDOWS $85 WB11213

Movie Magic Screenwriter is the BEST SELLING* screenplay formatting software and the choice of Hollywood professionals. Screenwriter automatically formats while you write so you can focus on what you’re writing, not where it goes on the page. It also formats for television, stage, novels and comic book scripts so you’ve got an all-in-one package for any story you want to write. Online collaboration, the ability to compare drafts of screenplays and the most comprehensive production features of any screenwriting software all make Movie Magic Screenwriter the clear choice for getting your stories from concept to screen. *Source: NPD March 2005 – NPD tracks worldwide software sales at 27,000 brick and mortar retail locations, including CompUSA, and 9 e-commerce retailers, including Amazon.com.

**FEATURES**
- Collaborate with a writing partner over the internet using i-Partner™
- Publish directly to the internet
- Compare drafts to track changes
- Import your script or novel from MS Word and other programs
- A Preferred File Format of the Writer’s Guild of America West

**STORYVIEW 2.0**

**WINDOWS** $149 WB11512

StoryView gives you the most powerful way to outline, plan, and present your ideas! It is a remarkable visual outline for writers that lets you brainstorm, create, structure and organize your ideas. StoryView uses a timeline format that is vastly superior to index cards, blocks, and traditional outlining systems.

StoryView has limitless space for your big ideas. The software enhances the research and organization of your writing, helps you visualize your story structure, and speeds the process of brainstorming and creation. It lets you create virtual index cards that contain unlimited text: from a few words to hundreds of pages.

**FEATURES**
- Instantly change the sequence of events by clicking and dragging Event Boxes
- Size Event Boxes to represent the duration of an event or its importance
- Customize StoryView to your personal structuring style or choose one of the many pre-built templates

*Making music should be as easy as powering up a computer, loading up a powerful piece of music software, and getting down to business. And it is. Reason 3.0 is a virtual studio rack with all the tools and instruments you need to turn your ideas into music. And it's more than just a set of excellent synths and effects. It's a complete music system.*

- Synthesizers, samplers, drum machine, ReCycle-based loop player, mixer, effects, pattern sequencer and more. As many of each as your computer can handle. Reason is an infinitely expandable music workstation on a CD-ROM, complete with its own realtime sequencer.

  In Reason, you will never run out of rack space. No problem. Choose a synth, a drum machine, a loop player or any device from the Create menu, and it will instantly appear in your rack, logically patched into the signal chain. And because Reason is designed to go easy on your computer, you can repeat the process until you’re more than happy. If you ever wished you had eleven samplers and ten compressors, Reason is definitely for you. And if you have created more machines than you have mixer channels, just create another mixer.

*Making music should be as easy as powering up a computer, loading up a powerful piece of music software, and getting down to business. And it is. Reason 3.0 is a virtual studio rack with all the tools and instruments you need to turn your ideas into music. And it’s more than just a set of excellent synths and effects. It’s a complete music system.*

- Synthesizers, samplers, drum machine, ReCycle-based loop player, mixer, effects, pattern sequencer and more. As many of each as your computer can handle. Reason is an infinitely expandable music workstation on a CD-ROM, complete with its own realtime sequencer.

  In Reason, you will never run out of rack space. No problem. Choose a synth, a drum machine, a loop player or any device from the Create menu, and it will instantly appear in your rack, logically patched into the signal chain. And because Reason is designed to go easy on your computer, you can repeat the process until you’re more than happy. If you ever wished you had eleven samplers and ten compressors, Reason is definitely for you. And if you have created more machines than you have mixer channels, just create another mixer.

**GENERAL POLICIES & ORDER FORM**

**RETURN POLICY**

1. Some products qualify for return/exchange within 30 days of receipt. To return or exchange qualifying products, you must call within 30 days of receipt of the product for a Return Merchandise Authorization (RMA) Number. Use our online forms to return or exchange your order and an RMA Number will be emailed to you.
2. A restocking fee of 15% will be charged on all returned products. Repack the product in a secure shipping box, and ship the product back to us via DHL, UPS, FedEx, or U.S. Mail. For your protection, we recommend that you insure the package in case the shipment is damaged or lost in transit. We cannot process returns for items lost or damaged in transit. Creation Engine must receive the returned product within 15 days of the issuance of the RMA number.
3. Return authorization is subject to the following conditions:
   - The product must be undamaged and unmarked, including all documentation (e.g., warranty and registration cards) and packaging.
   - The product cannot be registered with the manufacturer.
   - Creation Engine will not accept returns of Avid, Caligari, Maxon, Nemetschek, Newtek, Quark, SoftWorks, Ulead and opened Microsoft products.
   - ESD (electronic software download) versions of software are non-returnable.
   - Creation Engine will not accept any return of products that the manufacturer of the products will not accept.

**INTERNATIONAL PURCHASES**

1. All Creation Engine policies apply to international customers.
3. Prepayment is required for all orders shipped outside of the United States.
4. Creation Engine accepts credit cards, wire transfers, or U.S. currency drafted checks for international orders. For U.S. currency drafted checks, the products will not ship until the check has cleared for sufficient funds.

**RETOURS & REFUNDS**

- If the product is returned in acceptable condition, Creation Engine will refund the purchase price of the returned product, less a 15% restocking fee. Original shipping and handling charges are not refundable unless the return is a result of our error.
- If there are any errors with your order, contact us within 30 days of receiving your order. We cannot accept returns on misshipments after 30 days.
