

# ADOBE® CREATIVE SUITE® 4 K–12 SCHOOL SITE LICENSE FAQ

**Q: What is the Adobe Creative Suite 4 K–12 School Site License?**

**A:** Adobe is offering all of its new Creative Suite 4 editions—including Design Premium, Design Standard, Web Premium, Web Standard, Production Premium, and Master Collection—through the Adobe K–12 School Site License program. The Adobe K–12 School Site License allows a school to install a Creative Suite edition on up to 500 school-owned or school-leased computers regardless of school enrollment size. School Site Licenses also come with DVDs that contain ready-to-use curriculum, *Adobe Digital Careers Teaching Resources*, video tutorials, and other materials that help educators implement career and technical education programs for design, web, video, interactive, and mobile projects.

**Q: Who is eligible to purchase a K–12 School Site License?**

**A:** K–12 School Site Licenses are available to qualifying accredited K–12 public and nonpublic schools only, located at a single address.

**Q: Can my district purchase a K–12 School Site License and distribute licenses to multiple schools?**

**A:** No, a district must purchase a K–12 School Site License for each school that will be using the software. K–12 School Site Licenses cannot be broken up and distributed among multiple schools or school locations. For example, if a district wants to purchase Adobe Creative Suite 4 K–12 School Site Licenses for five different schools within the district, that district must purchase five separate site licenses. The district or schools also have the option to purchase individual volume licenses through TLP or CLP from an Adobe Authorized Education Reseller.

**Q: Can I share licenses with my district office?**

**A:** District offices cannot install software from a K–12 School Site License but must purchase volume licenses through TLP or CLP as they do not qualify as an accredited K–12 public or nonpublic school.

**Q: May I duplicate and distribute the curriculum DVD?**

A: A school is welcome to duplicate and distribute the curriculum resources from the *Adobe Digital Careers Teaching Resources* DVD among educators within that school.

**Q: May I duplicate and distribute the training DVD?**

A: Duplication and distribution of the training DVD is not allowed. If you would like to use Adobe's video tutorials on your website or in other materials, you can learn more about Adobe's permissions program at: [www.adobe.com/misc/agreement.html](http://www.adobe.com/misc/agreement.html).
